

# J-230 PNEUMATIC RIVET MACHINE

## J-230 Single Feed Pneumatic Rivet Setting Machine

The J-230 is a pneumatic powered single feed rivet machine capable of punching and setting rivets into leather, cloth, plastics, nylon webbing and most other materials. The machine punches and sets in one stroke. The machine will either score set or roll set the rivet depending on the bottom die you use. Like all auto feed machines, the J-230 is set up to run one size rivet only but has the capability to run different length barrels of the same size rivet.

**Size Capacity:** The J-230 can be set up to run most popular size rivets from 1/8 inch to 9/64 inch

**Advantages:** Cost effective and easy to operate and very efficient.

**Maintenance:** Lubrication with 30wt motor oil before use is recommended

**Optional Equipment:**

- \* Mobile stand with casters
- \* Work plate with back and side gauges
- \* Laser locating light
- \* LED table work light

**Specifications:**

Dimensions: 20 inches deep, 32 inches wide, 50 inches high

Weight: 126 pounds

Pneumatic requirement: 125 psi
