

# J-231 AUTO FEED PNEUMATIC EYELET MACHINE

## J-231 Single Auto Feed Pneumatic Powered Eyelet Setting Machine

The J-231 auto feed pneumatic eyelet setting machine will punch a hole and set eyelets in all types of materials including leather, plastics, textiles and canvas in one stroke. Like all auto feed eyelet machines, the J-231 is set up to run one size eyelet only. Additional eyelet feeders can be purchased to change eyelet sizes quickly and easily making this machine very versatile.

**Size Capacity:** 5/64th to 1/4 inch barrel diameter eyelets

**Advantages:** The J-231 will punch and set eyelets in most materials that other machines cannot. The ability to change eyelet sizes easily and quickly makes this machine versatile and a real value.

**Maintenance:** Lubrication with 30wt motor oil before use is recommended
